May 26, 2020

Submit your questions for the Q&A with CMS

This was posted on ACMA “Learning Link” on 5/22/2020. There is no date as to when the Q&A session will be held, but if you are an ACMA member and have questions that you would like addressed, I would submit them to the editor ASAP.

ACMA’s journal, Collaborative Case Management is conducting a Q&A session with representatives from the Centers for Medicare and Medicaid Services. We would like to submit member-driven questions related to the COVID-19 Public Health Emergency and the CMS response. Some current question topics include:

- Permanency of certain flexibilities
- Support for Advance Practice Professionals
- QIO, IQR, MIPS
- Telehealth reimbursements and security
- Discharge appeals
- Nursing home reopening guidance
- Anticipated Medicare budget shortfalls
